FOR IMMEDIATE RELEASE
10:00 AM April 17, 2006

PILGRIM TECHNOLOGY LLC – ONE OF THE TOP 50 COMPANIES TO WATCH 2006 IN MICHIGAN

April 17, 2006 - Pilgrim Technology LLC honored as a “Top 50 Companies To Watch – 2006” Award Recipient – The Award is a unique program designed to shine the spotlight on a vital but truly overlooked, driver of the state's economy — second-stage companies. Startup companies and large corporations often garner attention for their achievements. But growing second-stage enterprises work mostly behind the scenes, even though they generate the bulk of new, sustainable jobs and are a powerful economic force underpinning the high quality of life most Americans enjoy.

As part of Michigan Celebrates Small Business, 50 Companies to Watch in Michigan is an opportunity to recognize and celebrate the contribution, innovation and energy of the wide variety of second-stage companies in the state. Pilgrim Technology LLC is being presented this award on April 19, 2006.

Pilgrim Technology LLC represents a company that faced the challenges of the economic times head on and has grown into a diverse company able to perform as advertised with solutions and unique products to the market.

WATCH FOR 2006 IN MICHIGAN**

PAGE 2

“Pilgrim Technology employees and partners have worked very hard the past year to grow the business and provide excellent customer support. Our diversification into adjacent markets to that of secure wireless technology has helped the company reach a sustainable growth pattern“ – commented Jill Pilgrim, CEO Pilgrim Technology LLC. “Pilgrim Technology is proud to be associated with the Lowe Foundation and the successful companies included in the Top 50 list.”

About Pilgrim Technology LLC

Pilgrim Technology LLC is a company that is dedicated to technology innovation and customer satisfaction. This dedication opens the doors to create a dynamic experience for employees and customers alike. Formed in 2002, Pilgrim Technology is a woman-owned small business. First opened in Midland, Michigan as a wireless technology solutions company, Pilgrim Technology LLC has expanded to offer additional solutions to commercial entities and government agencies. Pilgrim Technology LLC offers complete solutions in Rapid-Prototyping, Sensor and Optics Development, Rugged Mobile Devices, and Advanced Network Designs. Pilgrim Technology LLC has significantly expanded commercial services offerings to include Cisco Systems, Linksys, Fortress Technologies Inc., IBM (Lenovo), and Hewlett-Packard, including contracted and on call IT services.
