PILGRIM TECHNOLOGY LLC - FREE WIFI

Pilgrim Technology has expanded WiFi coverage throughout Midland, MI with plans to take the technology and service to more locations throughout the state. Branded under the name GOMIWIFI, Pilgrim Technology is now offering free WiFi at all venues at a limited rate of 56k, while still offering high speed WiFi unrestricted usage for paying and Boingo roaming customers.

Pilgrim Technology believes the service being offered will greatly enhance the usability of mobile devices throughout Midland. Jill Pilgrim, CEO of Pilgrim Technology commented, "Our focus technology and secure solutions makes our network one of the most reliable and secure in the business". Pilgrim Technology is using experience gained on US Government contracts with wireless technology to improve product and services that are offered in Midland.

Pilgrim Technology partnered with Boingo, a global leader in Wireless Roaming to provide users more flexibility in wireless services. A user now has the option of becoming a Boingo user and using their Boingo account on the GOMIWIFI network as well as over 100,000 other locations worldwide (www.boingo.com).

~ MORE ~

Pilgrim Technology began to offer the WiFi service in downtown Midland over a year ago. Since implementation of the network began total venue locations have grown throughout Midland and now also include the MBS Airport as a Managed Service. Pilgrim Technology (directed by Jill and Jim Pilgrim) has been giving away free wireless time as much as 30 minutes per user. “We saw the desire from the Downtown Development Authority and various other groups to have a free service offering so we devised a plan to make it happen”, commented Jim Pilgrim, Chief Technology Officer, Pilgrim Technology.

GOMIWIFI now unlimited free 56k WiFi service at each of our locations. The GOMIWIFI branding has a new look and great image that will set us apart from other providers. “Pilgrim Technology has invested a significant amount of revenue back into the local community to see this through for Midland, it represents a level of commitment to Midland unmatched by other small businesses of our size”, Jill Pilgrim, CEO, Pilgrim Technology and GOMIWIFI.
